- 

**SECTION A: SOCIOLOGICAL ISSUES IN EDUCATION**

1. Early pregnancies and domestic violence are so rampant nowadays countrywide. Children who have fallen victims of the above two categories are uncountable; they certainly need guidance and counseling. Explain as an experienced professional how best these children can be assisted in order for them to fit in the society.

2. Examine why it is important for a teacher to study sociology of education.

3. Family, Community, School, and Religion are some of the agents of socialization. Justify how those agents are related.

**SECTION B: CONTEMPORARY ISSUES IN EDUCATION**

4. a) Schools do face challenges in the socialization of school children. Identify and explain at least seven of those challenges you have experienced in your profession.

b) Suggest possible solutions for each of the identified challenges.

5. a) List and explain at least six challenges children face when joining a school for the first time

b.) Give possible recommendations to each of the identified challenges.

## **SECTION C: SPECIAL NEEDS EDUCATION**

6. a) Identify six challenges of teaching children with special needs.
  - b) Explain each of those challenges with relevant examples
  - c) Give possible suggestions for each of the challenges you have identified
- 7a).Describe the causes of impairments.
  - b) Suggest possible solutions for each of the causes identified.
