---

## Instructions:

1. Please read the instructions carefully before answering the questions.
  2. Read each question carefully and write legibly.
  3. **Answer only three questions**
  4. Do not write anything on this question paper.
- 

1. It is due to ignorance by some scholars that African Religion is termed as primitive discuss.
2. Your colleague has just confessed Jesus as his/her personal savior and she treats anything to do with African Culture as evil. Explain to this colleague of yours that not all elements of African Culture are evil.
3. Explain how you can use the knowledge acquired in the course Africa Culture and society?
4. Using an African society you are familiar with; evaluate the statement that initiation is an important stage in the African's life.
5. Discuss the statement that African culture can not only be understood by looking at the social structure of a society, but also the economy.
6. There are a variety of ministers such as priests and sorcerers. Discuss the role played by any three Ministers you are aware of.
