LOGICAL FRAMEWORK – Project X

	OVI (Indicators)	MOV	ASSUMPTION
GOAL <ul style="list-style-type: none"> ▪ To raise TB case detection rates by 20% in Kitgum District within three years 	Percentage of TB case detection rate.	Data collection Use of run charts.	20% increase in TB case detection rate.
OUTCOME <ul style="list-style-type: none"> ▪ Patients cured/completed treatment 	1..... 2..... 3.....	<ul style="list-style-type: none"> ▪ Treatment follow up ▪ Sputum follow up ▪ HMIS Data collection record ▪ Plotted graphs/run 	90% TB treatment success rate (cured + completed) as this leads to patients being productive

		charts	
OUTPUTs <ul style="list-style-type: none"> ▪ Linkage to TB care and treatment ▪ HIV counseling and testing ▪ DOTS follow up 	1.....	<ul style="list-style-type: none"> ▪ Data collection records ▪ Use of graphs/run Charts plotted 	Patients linked to TB care and treatment reduces transmission of household infection
	2.....		
	3.....	Numbers of HIV test kits used.	100% presumptive TB and confirmed cases tested for HIV.
ACTIVITIES		1. Activity report 2. Attendance list	Activities are implemented as planned
1.1		
1.2	Numbers of sputum samples transported from community screening activities		
1.3	Number of community health workers (VHTs, CHEWs) oriented on sputum sample packaging and transportation.		

1.4		
1.5		
INPUTS <ul style="list-style-type: none"> ▪ Clinic upgraded rehabilitation program (including staff salaries and training costs and staff recruitments) ▪ Mobile outreach services program ▪ CBD program \$30,353 Radio broadcasts, airtime ▪ Monitoring & Evaluation 	<ul style="list-style-type: none"> ▪ Bank statement ▪ Policy statements & guide on TB ▪ Inventory 	Money is available

- (a) State the most suitable title for project X **(2marks)**
- (b) What can be the general objective for project X **(2marks)**
- (c) State four specific objectives for this project **(4 marks)**
- (d) List three outcome and three output indicators that would be suitable to achieve the desired goal of the project **(6 marks)**
- (e) List six activities that you would initiate to drive project X towards realization of its desired goal in three years **(6 marks)**

Question 2:

After the three years of implementation are completed and assuming project X was executed successfully, how would you write the end of project report for the project? **(20 marks)**

Question 3:

If at the initial design of project X, you were selected to write a project proposal for the project, how would you have written it? **(25marks)**

THE END
