LGHR 3103 Environmental Management
Final Assessment

Date: Wednesday 18th January 2023

Time: 9:30am-12:30pm

Instructions

- *Choose three questions*
- *All the questions carry equal marks*
- *Question one is compulsory*
- *Use relevant examples where they apply and are necessary.*
- *Use not more than two pages for each question.*

Section One:

1. Your country's attempts to reverse the negative impact of poverty on natural resources have not yielded promising results. Discuss using some relevant examples **(40 marks)**.

Section Two:

2. Identify the major aspects or steps considered in the entire environmental management process **(30 marks)**.
3. Environmental degradation will be no more if Uganda/South Sudan uses its parliament to make more environmental laws to stop the poor from threatening natural resources. Discuss **(30 marks)**.
4. Explain the linkages between the components of environment and how socioeconomic development can affect them? **(30 marks)**
5. a. Explain why the government carries out Environmental Impact Assessment? **(15 marks)**.
b. Both the government and investor X have proposed a tobacco processing factory along the main source of the water body in your community. As a skilled leader in EIA,
(i) which methods will you use for engaging stakeholders in the process **(7.5 marks)**.
(ii) which issues need to be pronounced for addressing? **(7.5 marks)**.

Good Luck!
